

TEAM BUILDING

with Traditional Arts Today

It's no surprise that communication and collaboration are cited as the top reasons why people choose team building. **Let us help you deliver an experience your employees will never forget.** Here are just a few examples of what we offer!

CLASS ACTIVITIES

Multi-canvas image: Each person paints on an individual canvas to create a mural. Display in your office space or turn them into a corporate gift, mouse pad, etc.

Wire trees: Bend, shape, and create your own small branches and bring them together to form one large tree.

Telephone: Each person comes up with a plan to paint. They paint for 15 minutes, then switch seats with someone in the room, communicate the plan in 2 minutes to the next painter, and repeat the process. Talk about teamwork!

Build your own: Let us create a custom class just for you! The possibilities are endless.

GOALS

- Collaborate and foster innovation, creativity
- Increase employee retention and attract talent by offering developmental initiatives
- Foster genuine connections, deeper discussions and processing ideas
- Enhance your company's networking and strengthen your team
